Dear Mr. Lowell:

We write in response to your letter of June 24, 2019. We appreciate receiving a copy of the June 11, 2019 note verbale. The Government further appreciates the concerns raised in your letter regarding protected consular information and recognizes its obligations under Article 33 of the Vienna Convention on Consular Relations (the "VCCR") to ensure the inviolability of consular archives and documents. In coordination with the Department of State and with reference to issues raised in your letter regarding the scope of protected documents, we continue to review seized materials for any archival material that may have been inadvertently seized and are taking all appropriate steps to ensure consistency with the VCCR.

Very truly yours,

GEOFFREY S. BERMAN
United States Attorney
